- 08 NUFFIELD HOSPITAL (DAY SURGERY)
- 09 EDUCATION CENTRE
- 10 THE BEACON
- 11 CEDAR
- 12 HASTE
- 13 A+E

from the main road follow signs to the Hospital (Royal Surrey County)

after all the roundabouts turn right following the sign to **A&E**

just beyond **A&E** is the Main Entrance

there is a drop-off area outside and more space to park just beyond

once inside security is on the left – after hours let them know what you're doing (reception is on the right if you need them)

go down the hall to the double doors and turn right following the sign to the Clinical Laboratory
NB you are already on Level B

down the corridor on the left you will pass the doors to the lab

just beyond them through some double doors is the laboratory reception window with a bell to get attention – failing which return to the lab door and knock

There's a note on the wall for SERV riders with a phone number to ring if they don't hear you bang on the door. The phone is on the wall opposite the lab. Failing that it's back to security or reception!
